Hand-washing technique with soap and water

1 We can wash 'cause we need to!

2 We can leave those germs behind!

3 With our soap we'll squash,

4 Those germs we will kibosh,

5 Then there'll be no germs to find!

6 I say, We can scrub 'cause we need to!

7 A scrub the germs will not survive!

8 And we can act like we're flying out of this world,

9 Leave the sick one far behind!

10 I say, We can wash! We can wash!

11 Everybody clean your hands!

12 We can wash! We can wash!

13 It's not worth taking a chaaance!
