

Hand-washing technique with soap and water

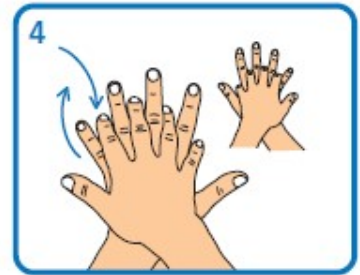

1
We can dance if we want to

2
We can leave your germs behind

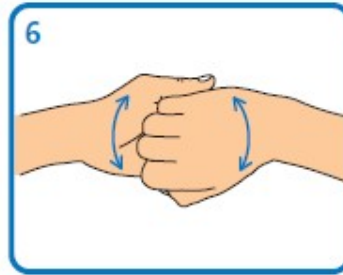

3
Cause the germs don't dance

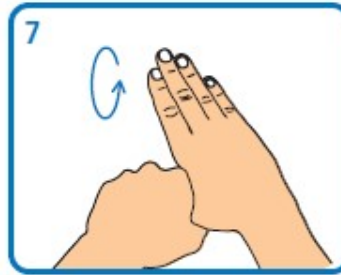

4
And since they don't dance

5
Then there'll be no germs to find

6
I say, we can scrub where we want to

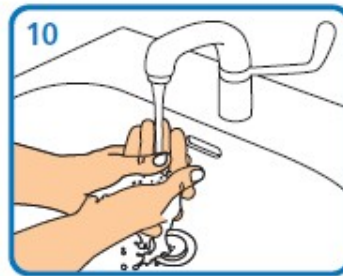

7
A scrub the germs will not survive

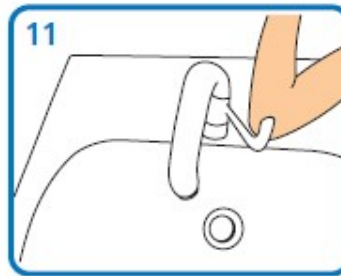

8
And we can act like we're flying out of this world

9
Leave the sick one far behind

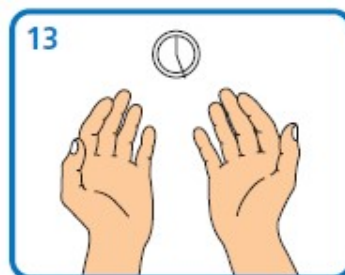

10
We can dance! We can dance!

11
Everybody look at your hands!

12
We can dance! It's not worth takin' a chance!

13
And we can Dance!
