

PHARMACISTS UNITED FOR TRUTH AND TRANSPARENCY

PUTT-APPROVED TRANSPARENT PBMS

The single biggest influence on the soaring price of prescription drugs are the hidden fees and mark-ups passed on by non-transparent PBMs to the health plan sponsors and end payers. The following PBMs have undergone PUTT's examination process and qualify as transparent.

AMERICLEAR RX

Jason Kizer

George Herman
President/Chief Technology
Officer
3350 N. Arizona Ave. Ste. 2
Chandler, AZ 85225
480 558-1033
SimpleSaveRx.com

In our mission to promote transparency, PUTT has developed criteria we believe to be sufficient to define "true transparency" for most plans. Criteria includes pass-through rebates, no spread pricing or other hidden fees, disclosure of entities compensated by PBMs (e.g. brokers) and PBM's full disclosure to end payer of pharmacy provider's reimbursement for prescriptions administered under the plan. PUTT encourages end payers to use this list as a starting point when selecting a plan that best meets the organization's needs. PUTT receives no monetary or other compensation from the organizations listed and provides this information as a service only.
